

EMERGENCY MEDICAL TECHNICIAN (EMT)

Scottsbluff

Programs and Awards

**AOS.5109 EMT AOS Degree
(74 Credits)**

PSA.5109 EMT-Basic (13 Credits)

**C2.5109 EMT-Intermediate
(34 Credits)**

C2.5109A EMT-Paramedic (24 Credits)

This program is designed to prepare ambulance personnel in handling medical emergencies. Included is training in response to burns, cardiovascular emergencies, infections, diseases, obstetric, pediatric and geriatric emergencies, other type of emergencies and drug administration. Advanced Life Support (ACLS) and Pediatric Advanced Life Support (PALS) are also covered.

NOTE: The EMT Basic & EMT Intermediate curriculums are under revision. Students interested in these courses need to visit with the Division Chair for Health Occupations prior to registering for these courses.

Objectives

Upon completion of these levels the students will be able to:

- Respond to medical and traumatic emergencies utilizing skills learned at the Basic, Intermediate and Paramedic levels involving newborn infants, pediatric, geriatric and mentally ill clients.
- Administer medications to a variety of clients in a variety of situations.
- Perform life support, advanced life support and other emergency responses.

Notes

- Upon completion of the EMT-Basic course (EMT-Basic 1,2, and 3), students wishing to continue in the Emergency Medical Technician program must take the eCOMPASS placement exam as per WNCC policy.
- All students must maintain EMT-Basic certification throughout the two advanced levels (EMT-Intermediate and EMT-Paramedic) unless they choose to take the National Registry Certification Exam after completing the EMT-Intermediate courses (EMT-Intermediate 1A, 1B, 2A, 2B, and 2C).
- Students wanting to get an AOS degree must complete the advanced levels and the required general education core of 16 credits.
- Students need to keep in mind there will be a significant number of clinical/field hours in the advanced levels (EMT-Intermediate and EMT-Paramedic) that will need to be completed in order to successfully complete those courses/levels. All clinical/field hours will be scheduled and coordinated through the Clinical/Course Coordinator.
- Students will receive a "Certificate of Completion" at the completion of each level as required by National Registry.
- **Each** section, within **each** level, and **each course** in the required general education core must be completed with a C (2.0) or higher.

Course descriptions and syllabi for this program can be found on the WNCC website at
